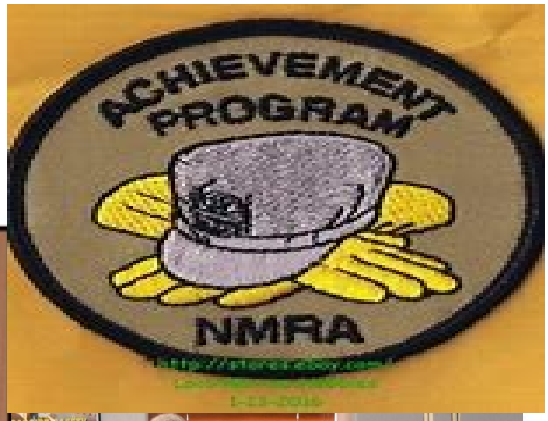
MMR_0333 Larry Alfred Mid-Continent Region Div 10 (Newsletter The Lantern)

Notes from Turkey Creek Meeting October 24, 2017 (Amended 11/9/17)
Larry Diehl announced that Larry Alfred, our Superintendent, received the first NMRA President's Service Award to Turkey Creek Division, Mid Continent Region and the NMRA.



6

Larry Alfred (right above) receiving a token of appreciation from SSJD Superintendent Martin Pirnat for presenting a great clinic on modelling with cardboard at our Fall 2019 meeting. One of our SSJD members, Sean Jackson, who is the car shop foreman for the Durango & Silverton Narrow Gauge RR made the artwork from parts leftover from a re-siding of coach #257. The coach served on the Denver & Rio Grande as well as the Rio Grande Southern. The siding dates to the 1980s when the car was restored to run on the D&SNG.
